

About the Artist Registry

Established in 1996, the City of San Antonio Artist Registry is the primary resource used for selecting artists for design enhancement opportunities. The Registry currently maintains over 500 local, national, regional and international artist files that include information about artists and examples of their work. The Registry is free and accessible to the public. For more information about the registry process or the Design Enhancement Program, contact Tamara Langwell at (210) 207-5951 or tlangwell@sanantonio.gov.
